

TEXAS LOW-LEVEL RADIOACTIVE WASTE DISPOSAL COMPACT COMMISSION

Order Authorizing the Export of Waste for DRS Technologies

On or about February 22, 2011, the Texas Low-Level Radioactive Waste Disposal Compact Commission ("Commission") received from DRS Technologies a Petition to Export Class A Low-Level Radioactive Waste for Permanent Disposal ("Petition") in the Energy Solutions site, located near Clive, Utah. The Petition was filed pursuant to Section 3.05(7) of the Texas Low-Level Radioactive Waste Disposal Compact and the Commission resolution dated December 11, 2009, authorizing consideration of such export petitions.

By a majority vote of those present, at the Commission's meeting posted for August 20, 2011, a majority of the members of the Commission approved the Petition filed by DRS Technologies on the terms stated in the Petition, subject only to the following terms and conditions:

1. DRS Technologies will supply to the Commission:
 - a. Manifests and/or reports of volume, mass, and activity sent for ultimate disposal which are satisfactory to the Commission.
 - b. Final reconciliation of waste volume concluded not later than 180 days post Order period.
2. The Period of the shipment of the waste from the site of generation is authorized as effective from August 20, 2011 until such time as the Compact Waste Facility is open and is accepting waste for disposal.

It is hereby ordered that DRS Technologies is authorized to export low-level radioactive waste as requested in the Petition, subject to the terms and condition as stated in this Order. The Petition is attached to this Order.

Petition to Export Low Level Radioactive Waste

1. **Name of petitioner:** DRS Technologies

Mailing address: 13532 N. Central Expressway
Dallas, TX 75243

2. **Person to be contacted concerning this petition:**

Kimberly Page
Philotechnics
201 Renovare Blvd.
Oak Ridge, TN 37830
(865) 285-3007
kpage@philotechnics.com

3. **Proposed out-of Compact Facility:**

EnergySolutions, Clive, UT.

4. **Person or entity that generated the waste:**

DRS Technologies
13532 N. Central Expressway
Dallas, TX 75243

5. **Effective period for which Petition is made:**

2010-2011

6. **Total estimated volume of Class A LLRW projected to be exported during the time for which this petition is made, including the outermost container that will be used for disposal (in cubic units):**

4.1 cubic feet

7. **Description of Waste:**

Class A solids waste consisting of thorium coated optical lenses.

8. **Reason that the petition should be granted, including health and safety issues, emergency needs (if any), and the economic impact on the Petitioner if the Export Petition is denied:**

DRS Technologies came across unused and expired thorium coated optical lenses while updating warehouse inventory requiring removal from property to avoid potential hazard to health and safety. Waste was shipped prior to being aware of new export permit requirements and is currently at waste processing facility waiting for final shipment to EnergySolutions – Clive, UT. A delay in its final disposal could affect both the generator and treatment facility.

9. **Certifications:**

- I hereby certify that the Petitioner is licensed (for radioactive material) and/or permitted (for hazardous waste), if applicable, and agrees to receive back the waste if its management or disposal is not allowed at the proposed disposal facility.
- I hereby certify that to the best of my knowledge the information provided herein is accurate and correct and that the low-level radioactive waste for which the Export Petition is submitted is packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the intended disposal facility.
- I hereby certify that I am authorized by my company, facility, or agency to commit it to each and every obligation and condition set forth herein.
