

PETITION TO EXPORT LOW LEVEL RADIOACTIVE WASTE

1. Name & Address of Petitioner:  
PETNET Solutions, Inc.  
810 Innovation Drive  
Knoxville, TN 37932
  
2. Person to be contacted concerning this petition:  
David J. Krueger, Health Physicist  
818-620-6569  
[david.j.krueger@siemens.com](mailto:david.j.krueger@siemens.com)
  
3. Proposed out-of Compact Facility:  
Energy Solutions, Clive, UT
  
4. Person or entity who generated the waste:  
PETNET Solutions, Inc.  
1350 Manufacturing St, Ste. 105  
Dallas, TX 75207
  
5. Effective period for which Petition is made:  
2010-2011
  
6. Total volume of Class A low-level radioactive waste projected to be exported during the time for which this petition is made, including the outermost container that will be used for disposal (in cubic units):  
30 cubic feet
  
7. Description of Waste:  
Activated metals, glass, plastic, paper
  
8. Reason that the petition should be granted, including health and safety issues, emergency needs, (if any), and the economic impact on the petitioner if the export petition is denied:

PETNET, through its broker, Thomas Gray and Associates, contacted the Compact on July 23, 2010 before the waste was scheduled to be picked up, May 19 (Dallas May 27) . Being told there were no petition requirements, PETNET arranged to have the waste picked up. The broker packaged the waste with other generators' wastes, some from outside the Compact, and cemented the

contents in accordance with Energy Solutions' site acceptance criteria. Now a B25 container with the waste of various generators is cemented in to one block and the Texas Compact denied its delivery to Energy Solutions, in Utah. The removal of PETNET's waste from this cemented container presents serious costs and the potential of some of the wastes in the block to create contamination and health and safety consequences for the processing facility.

9. Certification:

I hereby certify that the Petitioner is licensed (for radioactive material and waste) and permitted for (hazardous and mixed waste), and agrees to receive back its waste if its management or disposal is not allowed at the proposed disposal facility.

I hereby certify that to the best of my knowledge, the information provided herein is accurate and correct and that the low-level radioactive waste for which this Export Petition is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable at the intended disposal facility.

I hereby certify that I am authorized by my company, facility, or agency to commit it to each and every obligation and condition set forth herein.

A handwritten signature in black ink, appearing to be "David L. ...", is written above a horizontal line.
