Leigh Ing, Executive Director  
Texas Low Level Radioactive Waste  
Disposal Compact Commission  
333 Guadalupe Street, Suite 3-240  
Austin, Texas 78701-3938

Dear Ms. Ing:

I am requesting an administrative amendment to our import agreement, TLLRWDC #2-0026-00, to increase the waste volume stated in Item J(a) of the agreement from 75 cubic feet to 96 cubic feet. The purpose of this 21 cubic foot increase is to allow us to ship the waste in two Container Products Corporation B-12 waste boxes.

The waste radioactivity in Curies will remain the same. The very small amount of extra volume will be filled with inert packaging material.

Should you have any questions about this request, please contact Dave Smith at (918) 292-2835.

Sincerely,

A handwritten signature in black ink that reads "Jim Walsh". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
