

**Petition to Export Low-Level Radioactive Waste**

**1. Petitioner: Bionomics, Inc. of behalf of:**

IHI Southwest Technologies, Inc. San Antonio, TX

**2. Persons to be contacted:**

Bionomics, Inc. John McCormick 865-220-8501

**3. Proposed out of Compact Disposal Facility:**

Waste will be incinerated at the Energy Solutions facility in Oak Ridge, Tennessee with any ash shipped to Energy Solutions burial site in Clive, Utah.

**4. Entity that generated the waste: IHI Southwest Technologies, Inc.**

**5. Effective Period: One Time**

**6. Specified Amount: approximately 1500 pounds**

**7. Description of the wastes: DAW containing non-conforming wastes at WCS requiring processing by incineration**

**8. Reason that petition should be granted:**

This waste was packaged previous to the WCS burial site regulations and contains wastes that do not meet the acceptance criteria of the burial site. In order to bring this waste into conformance to the criteria the waste will need to be sorted by hand or processed by incineration. Sorting waste that has sharp objects and potential bio hazards along with the radiological hazards would impose undue health and safety risks on workers. Incineration of this waste stream would eliminate the need to sort through the waste and would also reduce the volume of waste sent for final disposal.

**9. Certifications:**

- I hereby certify that the Petitioner is licensed (for radioactive materials) and/or permitted (for hazardous wastes), if applicable, and agrees to receive back the waste if its management or disposal is not allowed at the proposed disposal facility.
- I hereby certify that to the best of my knowledge the information provided herein is accurate and correct and that the low-level radioactive waste for which this Export Petition is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the intended disposal facility.

- I hereby certify that I am authorized by my company, facility, or agency to commit it to each and every obligation and condition set forth herein.

**10. Authorization for Bionomics to act on Behalf**

Bionomics is contracted to provide LLRW services to the IHI Southwest Technologies, Inc. and as part of those services is authorized to act on our behalf in this matter before the Compact Commission.
