RE: Amendment request for 2013 Importation Agreement 2-0024-00

Ms Ing,

Pacific Gas and Electric, Diablo Canyon Power Plant requests an amendment to increase the activity for two nuclides for the last container under the agreement cited above. No addition to the total activity or additional volume is requested for this amendment.

We request an increase for C-14 from 10,500 mCi to 11,000 mCi and for Tc 99 from 50 uCi to 52 uCi.

Please advise if you need any additional information.

Cordially,

A handwritten signature in cursive script that reads 'C. Clint Miller'.

C. Clint Miller

Principal Radwaste Engineer
