

Petition to Export Low-Level Radioactive Waste

1. Petitioner: Bionomics, Inc. of behalf of:

Alcon Fort Worth, Texas

2. Persons to be contacted:

Bionomics, Inc. John McCormick 865-220-8501

3. Proposed out of Compact Disposal Facility:

Waste will be incinerated at the Energy Solutions facility in Oak Ridge, Tennessee with any ash shipped to Energy Solutions burial site in Clive, Utah.

4. Entity who generated the waste: Alcon

5. Effective Period: One Time

6. Specified Amount: approximately 50 pounds of Dry Active Wastes containing Sharps.

7. Description of the wastes: DAW containing Sharps requiring processing by incineration

8. Reason that petition should be granted:

This waste contains Sharps and does not conform to the acceptance criteria of the burial site. In order to bring this waste into conformance, the waste will need to be sorted by hand or processed by incineration. Sorting waste that has sharp objects along with the radiological hazards would impose undue health and safety risks on workers. Incineration of this waste stream would eliminate the need to sort through the waste and would also reduce the volume of waste sent for final disposal.

9. Certifications:

- I hereby certify that the Petitioner is licensed (for radioactive materials) and/or permitted (for hazardous wastes), if applicable, and agrees to receive back the waste if its management or disposal is not allowed at the proposed disposal facility.
- I hereby certify that to the best of my knowledge the information provided herein is accurate and correct and that the low-level radioactive waste for which this Export Petition is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the intended disposal facility.
- I hereby certify that I am authorized by my company, facility, or agency to commit it to each and every obligation and condition set forth herein.

10. Authorization for Bionomics to act on Behalf

Bionomics is contracted to provide LLRW services to Alcon and as part of those services is authorized to act on our behalf in this matter before the Compact Commission.
