Re: Amendment to 2-0032-01 Bionomics Import for Non-Compact Sealed Sources from Small  
Quantity Generators

Dear Mr. Wilson,

Bionomics would like to amend our Import Agreement # 2-0032-0. Our collection of Sealed Sources on behalf of the SCATR program has expanded to include States previously not included in the initial effort and we are in need of adding these States to our current Agreement.

With the exception of Arizona, none of these States requires an Export Permit from the host Compact. For Arizona we will make the proper submittals to the Compact and secure authorization prior to shipment.

Please amend our current agreement to include the following States:

Arizona, Connecticut, Maine, New Hampshire, New Jersey, Puerto Rico, Rhode Island, South Carolina, and West Virginia

Feel to contact me with any questions regarding our application.

Sincerely,
