Re: Request for an extension of Monticello Import Agreement

Dear Leigh,

The Xcel Energy Monticello Nuclear Generating Plant would like to request amendment to our Import Agreement, # 1-0045-00, to change the expiration date of August 31, 2014 to December 31, 2014 and to change the Waste Radioactivity from 137 curies to 250 Curies.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Paul Vitalis'.
