Subject: Release of remaining activity

ZionSolutions hereby requests the release of any remaining allocated activity at the Waste Control Specialists disposal facility in Andrews County, Texas. ZionSolutions has completed the work associated generating Waste Class B or C as defined in 10CFR61.55. Since we have no anticipation to require any of the previously requested activity, I am asking the Texas Compact Commission to release this activity and allow reallocation to another generator or user of the disposal facility. This request is specifically to release 1,333.10 ft<sup>3</sup> and 109,270.09 Ci.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Wiskerchen", is written over a large, stylized circular flourish.
