In Re: RAM Services, Inc. Application to Import Class C waste into the Compact Waste Facility.

This waste has been previously considered and approved for import as 1-0029-01 and 2-0029-01 and does not contain any waste from the Rocky Mountain or Northwest Compacts. Export permits have previously been obtained for waste from the Southwest Compact, which was the subject of the Condition Removal Letter for Import application 2-0029-01, which has expired. To the waste previously described in Import Application 1-0029-01 we have added one sealed source from Wisconsin and, as previously intended, we will add sources from Louisiana which are, as yet unspecified, up to the requested activity limit of approximately 11 Curies. Required Export permits will be provided prior to shipping a single submission.
