Dear Mr. Hurley,

Attached you will find the signed amendment to Xcel Energy - Prairie Island Nuclear Plant import agreement, TLLRWDC #2-0073-01. As part of the agreement, the commission requested by October 1, 2015 the Generator provides the actual cubic feet and curies disposed of by the Generator during the Facility operating year ending August 31, 2015. Our facility has not yet sent any waste to the Facility, so both the volume and curies are zero for the Facility operating year.

Sincerely,
