TEXAS LOW-LEVEL RADIOACTIVE WASTE DISPOSAL COMPACT COMMISSION

Order Authorizing the Export of Waste

Southwest Research Institute

On or about March 30, 2016, the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC" or "Commission") received from **Bionomics on behalf of Southwest Research Institute** a Petition to Export Class A radioactive waste described as 150 cubic feet of used oil and water. The waste will be incinerated at the Energy Solutions facility in Oak Ridge, Tennessee. The Petition was filed pursuant to section 3.05(7) of the Texas Low-Level Radioactive Waste Disposal Compact authorizing consideration of such export petitions.

At the Commission's meeting posted for and held on June 30, 2016, a majority of the members of the Commission voted to approve the Petition filed by **Bionomics on behalf of Southwest Research Institute**, on the terms stated in the Petition, subject only to the following terms and conditions:

1. **Southwest Research Institute** will supply to the Commission:
  - a. Manifests and /or reports of the volume, mass, and activity sent for ultimate disposal which are satisfactory to the Commission.
  - b. Final reconciliation of waste volume concluded not later than 180 days post Order period.
2. The Period of the shipment of waste from the site of generation is authorized through December 31, 2016.

It is hereby ordered that **Bionomics on behalf of Southwest Research Institute** is authorized to export low-level radioactive waste as requested in the Petition, subject only to the terms and conditions as stated in this Order. The Petition is attached to this Order.
