P.O. Box 289 Wadsworth, TX 77483
Applicant is
Generator
Generator Type
Utility
Export petitions generally will be granted to expire on August 31 (that is, the end of the Compact's fiscal and operating year). If you are seeking a term that would extend over more than one fiscal year, please explain the unusual circumstances that would justify a deviation from this principle?
September 1, 2019 through August 31, 2020
Waste Volume (Cubic Feet)
25131
Waste Radioactivity (Curies)
0.97
Waste Classification

Class A

If Class B and/or Class C is indicated, please provide explanation for cause to export.

N/A

Name and Location of Proposed Treatment and /or Disposal Facility

EnergySolutions Bear Creek Facility / EnergySolutions Clive Utah Burial Site

Approximate Date of Proposed Exportation (if known)

Periodically during Petition term.

Waste Description

Low Level Class A, Bulk Dry Active Waste

Justification for Exportation

At the present time, substantial onsite process changes and regulatory approvals would be required to send this waste to the WCS facility. In addition to the need for increased manpower and training of personnel, the physical plant lay-out and STPNOC Radiation Protection program do not readily support the sorting and processing that would be required to ensure adherence to WCS ALARA and Waste Acceptance Criteria.

Please note that STPNOC is pursuing the required regulatory approvals necessary to utilize the disposal options offered by the WCS Andrews County Facility.

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due report(s) with the Texas Low-Level Radioactive Waste Disposal Compact Committee?

No.

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due reports associated with radioactive waste receipt, storage, handling, management, processing, or transportation pending with any other regulatory agency with jurisdiction to regulate radioactive material including, without limitation, the Texas Commission on Environmental Quality (TCEQ)?

No.

Applicant hereby certifies* the following:

The information provided herein is complete, accurate, and correct.

The low-level radioactive waste for which this Export Petition is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the proposed disposal facility.

Name

Guadalupe (Pete) Rodriquez

Title

Radioactive Material Control Supervisor

Date
05/20/2019
Other Comments
Electronic copy of the Export Petition signed by STP General Counsel, Kimberly A. Harshaw. Consisting of the STP cover letter, TLLRWDCC Exportation form and a suggested form of Order Authorizing the Export of LLRW.
