As of the date of this letter, there is sufficient capacity for importation during the State of Texas Fiscal Year 2021-202 to accommodate the shipments as requested in your email dated February 22, 2022. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 25,400 curies and 224 cubic feet of irradiated hardware requested.
