RE: Import Agreement TLLRWDC #2-0334-00
Curie Release Letter #1 Revised

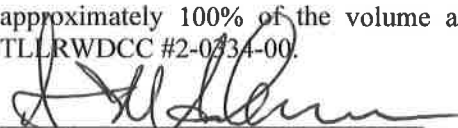

Dear Mr. Vitalis:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDC #2-0334-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC"), I have received your request to dispose of irradiated hardware in the following shipment:

- On or about June 22, 2022: 57 cubic feet of waste with approx 7,820 Ci of activity

As of the date of this letter, there is sufficient capacity for importation during the State of Texas Fiscal Year 2022 to accommodate the shipments listed above as requested in your email dated June 1, 2022. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 7,820 curies and 57 cubic feet of waste requested.

Therefore, you are authorized as of the date of your receipt of this communication to import from Xcel Monticello Nuclear Generating Plant to the Compact Facility in Andrews County, Texas 7,800 curies and 57 cubic feet of irradiated hardware described in agreement TLLRWDC #2-0334-00. This shipment is approximately 100% of the volume and 40% of the activity specified in Article II.J. of agreement TLLRWDC #2-0334-00.

John Salsman, Vice Chairman
TLLRWDC
