RE: Import Agreement TLLRWDC #2-0369-00
Curie Release Letter #1

Dear Mr. Readinger:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDC #2-0369-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC"), I have received your request to dispose of 14,300 curies and 56 cubic feet of irradiated hardware from Duke Energy Brunswick.

As of the date of this letter, there is sufficient capacity for importation during the State of Texas Fiscal Year 2022-2023 to accommodate the shipments as requested in your letter dated September 15, 2022. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 14,300 curies and 56 cubic feet of irradiated hardware requested.

Therefore, you are authorized as of the date of your receipt of this communication to import from Duke Energy Brunswick to the Compact Facility in Andrews County, Texas 14,300 curies and 56 cubic feet of irradiated hardware described in agreement TLLRWDC #2-0369-00. These shipments are approximately 32% of the volume and 37% of the activity specified in Article II.J. of agreement TLLRWDC #2-0369-00. With this letter, Duke Energy Brunswick has approximately 119 of 175 cubic feet and 24,700 of 39,000 curies remaining to be shipped under agreement TLLRWDC #2-0369-00.

Brandon T. Hurley, Chairman
TLLRWDC
