Applicant is

Generator

Did you self generate waste?

*Empty*

What process generated the waste and how much?

*Empty*

Generator Type

Utility

Is waste from a "small quantity generator"?

No

Import applications generally will be granted only in single fiscal-year increments. Please indicate the agreement period desired.

9/1/2023 - 8/31/2024

The Dates of the DTE Energy Fermi-2 Spent Fuel Pool Cleanup Project has been moved from the prior agreement period to the Aug to October 2023 Time Frame. We request an amendment to the current agreement to match your term approval to 8/31/2024

Waste Volume (Cubic Feet)

300

Waste Radioactivity (Curies)

20000

Waste Classification

Class C

Waste Form

Stable

Does the proposed waste consist solely of sealed sources?

No

Compact and/or unaffiliated state, territory, possession, or district of the United States where the waste was generated (please list)

Michigan

Waste Description

Waste Consists of Irradiated Hardware from the Fermi-2 Nuclear Power Plant, Fermi-2 is a Boiling Water Reactor. Waste consist of Control Rod Blades (CRBs) Local power Range Monitors, Dry Tubes and miscellaneous waste from the Reactor Vessel. Waste volume may include secondary waste from cask decontamination.

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due report(s) with the Texas Low-Level Radioactive Waste Disposal Compact Committee?

No.

Applicable Documents #1

*Empty*

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due reports associated with radioactive waste receipt, storage, handling, management, processing, or transportation pending with any other regulatory agency with jurisdiction to regulate radioactive material including, without limitation, the Texas Commission on Environmental Quality (TCEQ)?

No.

Applicable Documents #2

*Empty*

Applicant hereby certifies\* the following:

The information provided herein is complete, accurate, and correct.

The waste proposed for importation is not waste of international origin.

The low-level radioactive waste for which this Import Application is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the Compact Facility.

The person submitting this Import Application is authorized by the Applicant to commit Applicant to each and every obligation and condition set forth herein and in the Agreement for Importation of Non-Party Compact Waste. A copy of a written document containing such authorization must be attached to this

Import Application.

Applicant has delivered to the specified disposal facility and TCEQ a copy of this Application for Importation of Compact Waste (along with any supplement or amendment thereto).
