RE: Import Agreement TLLRWDCC #2-03621-00
Curie Release Letter #1

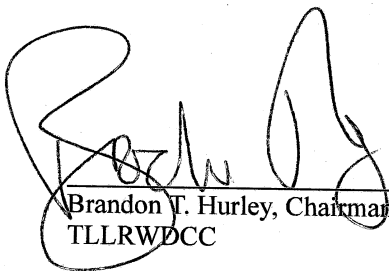

Dear Mr. Rowe:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDCC #2-0362-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDCC"), I have received your request to dispose of irradiated hardware in the following shipment:

- The shipment is scheduled to be shipped on or about August 23, 2023, with a disposal volume 55.7 cubic feet with approximately 8,300 curies of activity.

As of the date of this letter, there is sufficient capacity for importation during the State of Texas Fiscal Year to accommodate the shipments of an additional 8,300 curies and 55.7 cubic feet as requested in your letter dated August 17, 2023. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 8,300 curies and 55.7 cubic feet of irradiated hardware requested in the shipments..

Therefore, you are authorized as of the date of your receipt of this communication to import to the Compact Facility in Andrews County, Texas 8,300 curies and 55.7 cubic feet of irradiated hardware described in agreement TLLRWDCC #2-0362-00. These shipments are approximately 14% of the volume and 11% of the activity specified in Article II.J. of agreement TLLRWDCC #2-0362-00. With this letter, Tennessee Valley Authority has remaining 344 of 400 cubic feet and 66,700 of 75,000 curies authorized to be shipped conditionally under agreement TLLRWDCC #2-0362-00.

Brandon T. Hurley, Chairman
