

Stephen E. Raines
Executive Director
Texas Low-Level Radioactive Waste Disposal Compact Commission
919 Congress Avenue, Suite 830
Austin, Texas 78701

Dear Mr. Raines:

With this letter, ADP-CR3 is requesting additional volume for disposal under Import Agreement 2-0396-00. The current Import Agreement allows for importation and disposal of 16,200 cubic feet and 19,800 curies during the term of the agreement.

Due to acceleration of D&D operations, ADP CR3 will exceed the volume that was originally projected for the import period. We would like to request that an additional 4,000 cubic feet be added to Import Agreement 2-0396-00, for a revised total of 20,200 cubic feet. The curie total will remain the same at 19,800 curies.

If you have any questions, please contact me at (352) 224-1200 ext. 2938.

Sincerely,

Leon Bryant Akins Jr.
ADP CR3 Decommissioning
Radiation Protection and Chemistry Manager
