RE: Import Agreement TLLRWDC #2-0402-00
Curie Release Letter #1

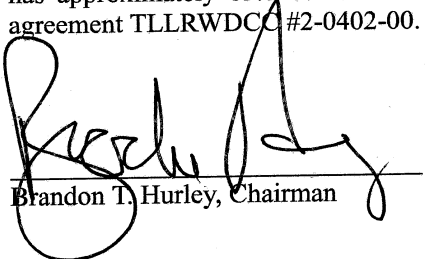

Dear Mr. Readinger:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDC #2-0402-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC"), I have received your request to dispose of the following shipments:

- On or about 11/30/2023: 56 cubic feet and approximately 9,560 curies
- On or about 12/7/2023: 56 cubic feet and approximately 10,300 curies

As of the date of this letter, there is sufficient remaining capacity for importation during the State of Texas Fiscal Year 2024 to accommodate the shipment of 111.4 cubic feet set out above. This letter does not authorize the importation to the Compact Facility in Andrews County of any additional cubic feet of low-level radioactive waste beyond the 111.4 cubic feet or 19,860 curies of material.

Therefore, you are authorized as of the date of your receipt of this communication to import from Brunswick Nuclear Plant to the Compact Facility in Andrews County, Texas approximately 111.4 cubic feet of material described in your email dated March 3, 2021. This shipment is approximately 64% of the volume specified in Article II.J. of your Import Agreement TLLRWDC #2-0402-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission. With this letter, Brunswick Nuclear Plant has approximately 63.6 of 175 cubic feet and 19,140 of 39,000 curies remaining to be shipped under agreement TLLRWDC #2-0402-00.

Brandon T. Hurley, Chairman
