RE: Import Agreement TLLRWDCC #2-0396-00
Curie Release Letter #4

Dear Mr. Akins:

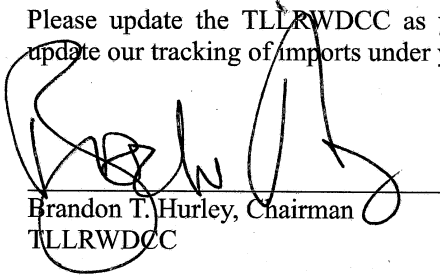

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDCC #2-0396-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDCC"), I have received your request to dispose of irradiated hardware in the following shipment:

- The first shipment is scheduled to be shipped on or about March 27, 2024, with a disposal volume of 4,635 cubic feet with approximately 4 curies of activity.

As of the date of this letter, there is sufficient capacity for importation during the State of Texas Fiscal Year to accommodate the shipments of an additional 4 curies and 1000 cubic feet as requested in your letter dated March 7, 2024. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 4 curies and 1000 cubic feet requested in the shipments..

Therefore, you are authorized as of the date of your receipt of this communication to import from ADP CR3 to the Compact Facility in Andrews County, Texas 4 curies and 1000 cubic feet described in agreement TLLRWDCC #2-0396-00. These shipments are approximately 6% of the volume and less than 1% of the activity specified in Article II.J. of agreement TLLRWDCC #2-0396-00. With this letter, ADP CR3 has remaining 2,556 of 20,000 cubic feet and 4,064 of 19,800 curies authorized to be shipped conditionally under agreement TLLRWDCC #2-0396-00.

Please update the TLLRWDC as you send shipments and schedule for future shipments so we may update our tracking of imports under your agreement.

Brandon T. Hurley, Chairman
TLLRWDC
