Mr. Brandon Hurley

Texas Low-Level Radioactive Waste Disposal Commission

919 Congress Avenue, Suite 830

Austin, Texas 78701

Dear Mr. Hurley,

TMMC (Toxco Materials Management Center) is requesting an amendment to our Import Agreement #2-0426-00. We are requesting the waste volume in Article II.J. (a) be increased to 3000 cubic feet for the current Fiscal Year ending August 31st, 2025. We would also like to change the wording in Article II.J.(c) to state:

All states and U.S. territories.

We are requesting these amendments because we have exceeded our expected volume of waste and would like to allow room for future waste going into the upcoming year. Also, the Atlantic compact was previously left out and we receive waste from those states.

If you have any questions, please contact me at (865) 249-5515.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jonathan Chung', written in a cursive style.
