Dear Mr. Hurley,

Southern Nuclear Company – Plant Vogtle, is requesting an amendment to our Import Agreement #2-0442-00. We are requesting the addition of Class A resins, filters, and Dry Active Waste (DAW) for the current Fiscal Year ending August 31st, 2025. No additional curies or volume are requested.

We are requesting this because we were not anticipating the need to ship Class A waste during the current Fiscal Year, however, that has changed due to plant operations.

If you have any questions, please contact me at (706) 848-7737.

Sincerely,

Dwayne Thompson
