Dear Mr. Magda:

Pursuant to the conditions expressed in Article II.J.(c) of your Import Agreement **TLLRWDCC #2-0538-00** with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDCC"), I have received your request to dispose of irradiated hardware in the following shipments:

- **Shipment #1:** Scheduled on or around **November 2, 2026**, consisting of **56 cubic feet** of waste and approximately **3,530 curies** of activity.
- **Shipment #2:** Scheduled on or around **November 9, 2026,** consisting of **56 cubic feet** of waste and approximately **5,010 curies** of activity.
- **Shipment #3** Scheduled on or around **November 16, 2026**, consisting of **56** cubic feet of waste and approximately **5,610** curies of activity.

As of the date of this letter, there is sufficient capacity for importation during the State of Texas fiscal year to accommodate this shipment totaling **168 cubic feet** and **14,150 curies,** as requested in your letter dated **October 19, 2026**.

This letter does **not** authorize the importation to the Compact Facility in Andrews County of any low-level radioactive waste beyond the **14,150 curies** and **168 cubic feet** specified above.

Accordingly, you are authorized, as of the date of receipt of this letter, to import from **Perry Nuclear Power Plant** to the **Compact Facility in Andrews County, Texas**, **14,150 curies** and **168 cubic feet** of waste as described in Import Agreement **TLLRWDCC #2-0538-00**.

These shipments represent approximately **38% of the volume** and **less than 24% of the activity** specified in Article II.J. of Agreement **TLLRWDCC #2-0538-00**. Following this authorization, Perry Nuclear Power Plant retains **170 of 450 cubic feet** and **33,910 of 60,000 curies** remaining under the conditional authorization in that Agreement.

Please continue to update the TLLRWDCC as you make shipments and schedule future shipments so we can maintain accurate tracking of imports under your agreement.
