RE: Ameriphysics – Generator Cert ID # TNAMERIPH

Generator Certification Valid September 15, 2021 through September 30, 2022

Mr. Hansen,

On September 15, 2021, Waste Control Specialists LLC (WCS) completed a review and found Ameriphysics to have an acceptable waste management program and is now authorized to ship waste materials to the Waste Control Specialists LLC Compact Waste Facility (CWF).

Be reminded, any change to Ameriphysics' waste management program, which reduces administrative control, requires notification to Waste Control Specialists LLC. This Certification is valid until the last day of the month, 12 months from the date of issue.

The generator certification identification number is required on all documentation or correspondence with Waste Control Specialists LLC regarding waste disposal.

Waste Control Specialists LLC is pleased to have the opportunity to provide you with the quality waste management services that you need. If you have any questions or need further assistance, please feel free to contact me at (432) 525-8722 or at (432) 425-3517.

Sincerely,
