Cory,

Yes, I authorize this application.

Warm Regards,

Jeremy Ryan Carda

Subject: Texas Importation Application

Jeremy,

Do you authorize an Import Application to WCS & Texas – TCEQ as attached? A change to the application from the previous fiscal year is the reduction in waste volume from 2500 down to 1000 cubic foot and 'waste radioactivity' from 500 curies down to 300 curies due to no liners in storage, current drum inventory, and future generation. The values will provided give us room to will give us room for emergent conditions as well.

Thank you,

Cory Schneider
