Commissioner Gregory,

I apologize for the very late hour; however, please find attached my recommended responses to the proposed motions you handed me at the conclusion of the 12 June meeting in Andrews.

Since the Commission took no formal action with regard to your proposed motions, I have taken the action to go through your motions and provide my personal recommendations that are in no way binding on the Commission, but merely reflect my individual recommendations.

Margaret,

Would you please post this document on the Commission website?

Thank you.

Very Respectfully,

Michael S. Ford, C.H.P.
