Re: Notice of Intent to Ship Waste for Treatment Out of State

Dear Ms. Henderson:

Two University of Texas institutions must again arrange to ship waste to EnergySolutions, LLC in Oak Ridge, Tennessee for treatment via incineration.

As we have explained in the past, we are not submitting a "Petition to Export" because these waste streams are not covered by the statutory definition of "low level radioactive waste" contained in the Compact Commission's enabling legislation.

The following is a summary of the waste being shipped:

Waste to be Shipped Week of July 18, 2011

UT M.D. Anderson Cancer Center - Houston
