

TLLRWDCC #2-0094-01

FIRST AMENDMENT

TO THE AGREEMENT BETWEEN

EXELON GENERATION ("EXELON")

AND

THE TEXAS LOW-LEVEL RADIOACTIVE WASTE DISPOSAL
COMPACT COMMISSION ("COMMISSION")

SIGNED BY EXELON ON SEPTEMBER 9, 2015

AND BY

THE COMMISSION ON AUGUST 28, 2015

Article II. A. is amended to read as follows:

A. This Agreement shall remain in effect according to its terms from September 1, 2015 through August 31, 2017 unless prior to an importation it is amended by agreement of the Parties, revoked, or suspended by the Commission. Generator agrees to provide to the Commission not later than October 1, 2016 the actual cubic feet and curies disposed of by Generator during the Operational Year that ended on August 31, 2016. Authorization to import out-of-compact low-level radioactive waste as described in this Article II.J. on or after September 1, 2016 is not effective until:

(i) before any shipment containing out-of-compact waste, Generator has delivered to the Commission written evidence satisfactory to the Commission of the volume and activity in curies disposed at the Compact Waste Facility in Andrews Texas from September 1, 2015 through August 31, 2016; and

(ii) before shipment Generator has received a written communication from the Commission, also known as a "Condition Removal Letter", stating the written evidence of disposal of volume and activity in curies is in a form satisfactory to the Commission.

No other provision of this agreement between Exelon and the Commission is affected by this First Amendment. This Amendment is effective as of the date of its approval by the Commission on June 30, 2016.
