

# EXPORTING LOW-LEVEL RADIOACTIVE WASTE

Leigh Ing, Executive Director

TLLRWDC Workshop  
November 2017

# Low-Level Radioactive Waste Federal Compacts

★	Active Disposal Site (4)	<p>Note: Data as of May 2014</p> <p>Alaska and Hawaii belong to Northwest Compact.</p> <p>Puerto Rico is unaffiliated.</p>
□	Approved Compact (10)	
■	Unaffiliated (10)	

# Why Export?

- Seeking disposal at the Clive Facility in Utah.
- Seeking a particular technology.
- Many smaller generators choose to use brokers.

# Apply to Export

- There are many examples to use as a go by on the Exports page of our website at <http://www.tllrwdcc.org/2017-export-orders/>
- Fill out and submit a export application form.
  - Found at <http://www.tllrwdcc.org/2017-export-orders/>
- The Commissions posts the application on its website for public comment.
- At the Commission meeting following the posting, the Commission considers the request.
  - Meeting dates are found at <http://www.tllrwdcc.org/2017-export-orders/>

# Authorization to Export

- The Commission meets approximately every six weeks.
- A majority vote is needed to authorize any export.
- The Commission encourages attendance at the meeting.
- Once authorized, the export authorization is drafted, signed and issued to the exporter.
- The authorization will include reporting requirements.
