Justification for Exportation

Comanche Peak seeks the permanent disposal of the waste described herein pursuant to an existing long-term disposal agreement with Energy Solutions, LLC for low-level radioactive waste from Comanche Peak. Representatives of Comanche Peak have discussed with WCS management the position WCS will take regarding an export permit application sought by Comanche Peak covering the period from September 1, 2018 through August 31, 2019. David Carlson, President of WCS, has authorized Comanche Peak to represent to the Compact Commission that WCS does not oppose Comanche Peak's export permit application covering that time period.

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due report(s) with the Texas Low-Level Radioactive Waste Disposal Compact Committee?

No.

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due reports associated with radioactive waste receipt, storage, handling, management, processing, or transportation pending with any other regulatory agency with jurisdiction to regulate radioactive material including, without limitation, the Texas Commission on Environmental Quality (TCEQ)?

No.

Applicant hereby certifies* the following:

The information provided herein is complete, accurate, and correct.

The low-level radioactive waste for which this Export Petition is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the proposed disposal facility.
