<b>Business Address</b>
PO Box 817 Kingston, TN 37763
<b>Applicant is</b>
Broker
<b>Generator</b>
Texas A & M University
<b>Generator Type</b>
Academic/Research
<b>Export petitions generally will be granted to expire on August 31 (that is, the end of the Compact's fiscal and operating year). If you are seeking a term that would extend over more than one fiscal year, please explain the unusual circumstances that would justify a deviation from this principle?</b>
now till August 31, 2019
<b>Waste Volume (Cubic Feet)</b>
7.5
<b>Waste Radioactivity (Curies)</b>
.010

**Waste Classification**

Class A

**Name and Location of Proposed Treatment and /or Disposal Facility**

Energy Solutions/Bear Creek Incinerator

**Waste Description**

Bulk Aqueous Liquids

**Justification for Exportation**

Bulk Aqueous Liquids requires processing prior to disposal. As a small waste generator, the University does not have the means or an established process needed to prepare this waste for disposal at WCS. The processing required increases the risk of contamination, increases exposure of radionuclides to employees and creates additional waste volumes including doubling or tripling the present volumes, all of which results into much higher disposal costs. Burning the liquids is a method to eliminate the volume, cost and most importantly reduces risks.

**Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due report(s) with the Texas Low-Level Radioactive Waste Disposal Compact Committee?**

No.

**Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due reports associated with radioactive waste receipt, storage, handling, management, processing, or transportation pending with any other regulatory agency with jurisdiction to regulate radioactive material including, without limitation, the Texas Commission on Environmental Quality (TCEQ)?**

No.

**Applicant hereby certifies\* the following:**

The information provided herein is complete, accurate, and correct.

The low-level radioactive waste for which this Export Petition is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the proposed disposal facility.

**If a Broker is submitting this petition on behalf of the Petitioner, the Broker hereby certifies\* the following**

The Broker submitting this Export Petition is authorized by the Petitioner to act on behalf of the Petitioner related to this Permit for Exportation of InCompact waste. A copy of written documentation containing such authorization is attached to this Export Petition.

**Name**

John McCormick

**Title**
