RE: Import Agreement TLLRWDC #2-0181-00  
Curie Release Letter #1

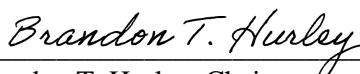

Dear Mr. Weber:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDC #2-0181-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC"), I have received your request to dispose of irradiated hardware in the following two shipments:

- 60 cubic feet / 5,200 Curies to be shipped during the week of June 18, 2018
- 60 cubic feet / 5,200 Curies to be shipped during the week of June 29, 2018

As of the date of this letter, there is sufficient capacity for importation during State of Texas Fiscal Year 2018 to accommodate the shipments listed above as requested in your email dated June 6, 2018. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 10,400 curies and 120 cubic feet of irradiated hardware requested.

Therefore, you are authorized as of the date of your receipt of this communication to import from DTE Energy – Fermi 2 to the Compact Facility in Andrews County, Texas 10,400 curies and 120 cubic feet of irradiated hardware described in agreement TLLRWDC #2-0181-00. This shipment is approximately 33% of the volume and 17% of the activity specified in Article II.J. of agreement TLLRWDC #2-0181-00. There are 240 additional cubic feet and 49,600 additional Curies to be shipped under this agreement.
