RE: Import Agreement TLLRWDDC #2-0181-00
Curie Release Letter #2

Dear Mr. Weber:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDDC #2-0181-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDDC"), I have received your request to dispose of irradiated hardware in the following two shipments:

- 60 cubic feet / 4,800 Curies to be shipped on approximately July 12, 2018
- 60 cubic feet / 4,800 Curies to be shipped on approximately July 23, 2018

As of the date of this letter, there is sufficient capacity for importation during State of Texas Fiscal Year 2018 to accommodate the shipments listed above as requested in your email dated June 21, 2018. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 9,600 curies and 120 cubic feet of irradiated hardware requested.

Therefore, you are authorized as of the date of your receipt of this communication to import from DTE Energy – Fermi 2 to the Compact Facility in Andrews County, Texas 9,600 curies and 120 cubic feet of irradiated hardware described in agreement TLLRWDDC #2-0181-00. This shipment is approximately 33% of the volume and 16% of the activity specified in Article II.J. of agreement TLLRWDDC #2-0181-00. There are 120 additional cubic feet and 40,000 additional Curies to be shipped under this agreement.

Brandon T. Hurley, Chairman
TLLRWDDC
