5

Waste Classification

Class A

Name and Location of Proposed Treatment and /or Disposal Facility

Energy Solutions LLC, Bear Creek Facility, Oak Ridge, TN/ Energy Solutions LLC, Non-compact commercial facility near Clive UT

Approximate Date of Proposed Exportation (if known)

As needed during petition term

Waste Description

Class A low dose rate Dry Active Waste

Justification for Exportation

Comanche Peak seeks the permanent disposal of the waste described herein pursuant to an existing long-term disposal agreement with Energy Solutions LLC for low-level radioactive waste from Comanche Peak. Although Comanche Peak will likely utilize the RCRA facility for the disposal of a portion of our generated LLRW, the option of exporting the LLRW to Energy Solutions needs to be secured to ensure Comanche Peak has an economical disposal site to use.

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due report(s) with the Texas Low-Level Radioactive Waste Disposal Compact Committee?

No.

Does Applicant have any unresolved violation(s), complaint(s), unpaid fee(s), or past due reports associated with radioactive waste receipt, storage, handling, management, processing, or transportation pending with any other regulatory agency with jurisdiction to regulate radioactive material including, without limitation, the Texas Commission on Environmental Quality (TCEQ)?

No.

Applicant hereby certifies* the following:

The information provided herein is complete, accurate, and correct.

The low-level radioactive waste for which this Export Petition is submitted will be packaged and shipped in accordance with applicable state and federal regulations and is acceptable for disposal at the proposed disposal facility.
