As of the date of this letter, there is sufficient capacity for importation during State of Texas Fiscal Year 2019 to accommodate the shipments listed above as requested in your email dated May 9, 2019. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 53,900 curies and 30 cubic feet of waste requested.

Therefore, you are authorized as of the date of your receipt of this communication to import from Tennessee Valley Authority, Browns Ferry Nuclear Plant to the Compact Facility in Andrews County, Texas 53,900 curies and 30 cubic feet of irradiated hardware described in agreement TLLRWDC #2-0205-00.
