RE: Import Agreement TLLRWDC #2-0199-00  
Curie Release Letter #1

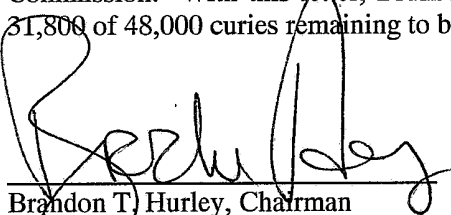

Dear Mr. Readinger:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDC #2-0199-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC"), I have received your request to dispose of the following shipments:

- On or about 7/24/2019: 55.7 cubic feet and approximately 8300 curies
- On or about 8/5/2019: 55.7 cubic feet and approximately 7900 curies

As of the date of this letter, there is sufficient remaining capacity for importation during State of Texas Fiscal Year 2019 to accommodate the shipment of the 16,200 curies and 111.4 cubic feet set out above. This letter does not authorize the importation to the Compact Facility in Andrews County of any cubic feet or curies of low-level radioactive waste beyond the 16,200 curies and 111.4 cubic feet of material.

Therefore, you are authorized as of the date of your receipt of this communication to import from Brunswick Nuclear Plant to the Compact Facility in Andrews County, Texas approximately 16,200 curies and 111.4 cubic feet of material described in your email dated July 12, 2019. This shipment is approximately 63.7% of the volume and 33.8% of the activity specified in Article II.J. of your Import Agreement TLLRWDC #2-0199-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission. With this letter, Brunswick Nuclear Plant has approximately 63.6 of 175 cubic feet and 31,800 of 48,000 curies remaining to be shipped under agreement TLLRWDC #2-0199-00.

  
Brandon T. Hurley, Chairman  
TLLRWDC
