TEXAS LOW-LEVEL RADIOACTIVE WASTE DISPOSAL COMPACT COMMISSION

Order Authorizing the Export of Waste

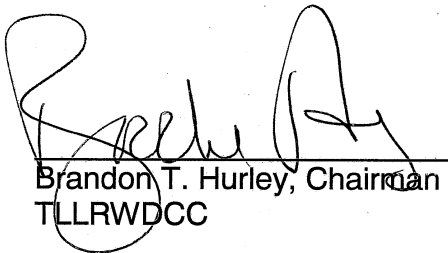

Cardinal Health

On or about July 9, 2019, the Texas Low-Level Radioactive Waste Disposal Compact Commission ("Commission") received from **Cardinal Health** a Petition to Export Class A PPE and syringe vials with biological material and/or less than 1% liquids by volume for incineration at the EnergySolutions Bear Creek Facility. The Petition was filed pursuant to section 3.05(7) of the Texas Low-Level Radioactive Waste Disposal Compact authorizing consideration of such export petitions.

At the Commission's meeting posted for and held on August 22, 2019, a majority of the members of the Commission voted to approve the Petition filed by **Cardinal Health** on the terms stated in the Petition, subject to the following terms and conditions:

1. **Cardinal Health** will supply to the Commission:
 - a. Manifests and /or reports of the volume, mass, and activity sent for ultimate disposal which are satisfactory to the Commission.
 - b. Final reconciliation of waste volume concluded not later than 60 days post Order period.
2. The Period of the shipment of waste from the site of generation is authorized as effective from September 1, 2019 through August 31, 2020.

It is hereby ordered that **Cardinal Health** is authorized to export low-level radioactive waste as requested in the Petition, subject to the terms and conditions as stated in this Order.
