**TEXAS LOW-LEVEL RADIOACTIVE WASTE
DISPOSAL COMPACT COMMISSION**

**Agreement for Importation of Nonparty Low-Level Radioactive Waste
For Disposal in the Texas Low-Level Radioactive Waste Disposal Compact Facility**

This Agreement for Importation of Nonparty Low-Level Radioactive Waste (“Agreement”) is dated the 21st of November, 2019, by and between Chase Environmental Group, Inc. (“Broker”) and the Texas Low-Level Radioactive Waste Disposal Compact Commission (“Commission”) (collectively the “Parties”).

RECITALS

WHEREAS Texas is the host state for the Texas Low-Level Radioactive Waste Disposal Compact, an interstate compact approved by Congress in 1998 (Public Law 105-236) and compiled at Section 403.006, Texas Health and Safety Code (“Compact”), which requires the host state to develop a facility for the disposal of low-level radioactive waste generated within the Compact’s party states (currently Texas and Vermont); and

WHEREAS in compliance with Texas law, the Texas Commission on Environmental Quality (“TCEQ”) has leased land to and issued a license to Waste Control Specialists LLC (“Compact Facility Operator”) to construct and operate a Compact Waste Disposal Facility (“Compact Facility”) in Andrews County, Texas for the disposal of low-level radioactive waste for the Compact; and

WHEREAS the Texas Legislature has authorized the Compact Facility Operator to accept for disposal at the Compact Facility low-level radioactive waste from waste brokers and generators located outside of the Compact party states subject to approval by the TCEQ of the

waste characteristics and waste forms as set forth in the Compact Facility license and to the extent the acceptance of such imported waste does not diminish the disposal volume or Curie capacity available to Compact party states; and

WHEREAS Section 3.05(6) of the Compact authorizes the Commission to enter into an agreement with any person, state, regional body, or group of states for the importation of low-level radioactive waste into the Compact Facility for management or disposal subject to such conditions and restrictions to be included in the agreement as the Commission deems advisable and provided that the agreement receives a majority vote of the Commission; and

WHEREAS the Commission has processed and considered Broker's Application for Importation in accordance with Commission Rule 675.23 (31 Texas Administrative Code §675.23) and a majority of the members of the Commission approved the Application and voted to enter into this Agreement,

NOW, THEREFORE, Broker and the Commission hereby enter into the following Agreement:

ARTICLE II. TERMS AND CONDITIONS OF IMPORT AUTHORIZATION

Pursuant to Section 3.05 (6) of the Compact, the Commission hereby authorizes the Broker to import to the Compact Facility for disposal nonparty low-level radioactive waste, in the form and amounts described in Item J below ("Broker's Nonparty Compact Waste"), subject to the terms and conditions set forth below and in Article I of this Agreement, all of which are agreed to by Broker.

- A. This Agreement shall remain in effect according to its terms from November 21, 2019 through August 31, 2020 unless it is amended by agreement of the Parties, or is revoked or suspended by the Commission. Broker agrees to provide to the Commission within 30 days after the end of each Facility operating year, the actual cubic feet and Curies disposed of by Broker during that particular Facility operating year. The Facility operational year ends on August 31.

- B. Broker agrees to be bound by Section 8.03 of the Compact and shall be liable for its own acts, omissions, conduct, and relationships in accordance with applicable law.
- C. Broker agrees that the Commission may revoke, suspend or amend this Agreement with respect to future shipments, including by adding or deleting requirements, after having given prior notice to Broker. The Broker will be given a reasonable time to review, respond to, or make any changes necessary to comply with any additional requirements prior to the date the revocation, suspension, or amendments take effect. If the Commission and the Broker are unable to reach an agreement on changes to be made, the Commission may terminate this Agreement. Even if the Commission terminates this Agreement, Broker must nevertheless satisfy any outstanding obligations related to shipments previously made pursuant to this Agreement.
- D. Broker agrees that a failure to comply with Items F and G of Article I of this Agreement may result in immediate suspension of this Agreement. Any revocation or suspension of this Agreement shall be effective on the date of the service of notice of such revocation or suspension to Broker by certified mail. The Agreement may be reinstated with or without amendments at the discretion of the Commission after consideration of the Broker's response.
- E. The Parties agree that the Commission may, in response to a written application from Broker, cancel, suspend, or amend this Agreement with respect to future shipments, including by adding or deleting requirements. If the Parties are unable to agree on amendments proposed by the Broker, the Commission may terminate this Agreement.

Even if the Commission terminates this Agreement, Broker must still satisfy any outstanding obligations related to shipments previously made pursuant to this Agreement.

- F. If the Commission acts with respect to Items C, D, or E immediately above, the Commission agrees to notify the Compact Facility Operator and the TCEQ of such acts.
- G. This Agreement is not assignable or transferable to any other person.
- H. This Agreement relates only to importation of waste for disposal in the Compact Facility, as the term "disposal" is defined in Section 2.01(4) of the Compact and provided for in Section 3.05(6) of the Compact. This Agreement is not to be construed as approval of importation of waste for management, as the term is defined in Section 2.01(11) of the Compact and provided for in Section 3.05(6) of the Compact.
- I. Broker agrees to comply with the rules related to commingling adopted by TCEQ in coordination with the Commission pursuant to Section 401.207(k), Texas Health and Safety Code, to the extent such rules apply.
