Re: Additional Disposal Volume for PermaFix Northwest Agreement #2-0221-00

Dear Mr. Hurley,

PermaFix Northwest would like to amend our Import Agreement #2-0221-00 to increase the disposal volume to 515 cubic feet. The increase in volume would account for the treatment of the waste and any reagents or absorbents which may need to be added as part of the treatment. The curies originally requested will remain as found in this present agreement, 0.5 Curies.

If there are any questions, please feel free to contact me at 509-375-7028.

Sincerely,
