Dear Mr. Hurley:

TVA is requesting an amendment to TVA's Import Application Number 1-0225-00. We are requesting an additional volume of 7,500 cubic feet for the current Fiscal Year ending August 31, 2020.

We are requesting this additional volume due to the initiation of shipment of Class A condensate resin to WCS from Browns Ferry Nuclear Plant in Athens, Alabama. This waste previously shipped to another disposal facility but TVA's preference is to ship this waste to WCS for ultimate disposal.

If you have questions, please contact me at 423-751-2529 or on cell at 423-322-3735 (during COVID-19 teleworking timeframe).

Sincerely
