Dear Mr. Hurley:

Indiana Michigan Power Company is requesting an amendment to its Import Agreement Number 1-0237-00. We are requesting an additional volume of 530 cubic feet for the current Fiscal Year ending August 31, 2020.

We are requesting this additional volume due to the combination of last year's partial campaign and the addition of waste that would have been scheduled for disposal in 2021. Funding is now available that will allow us to complete the combined waste project. No additional curies are needed as prior shipments under this Import Agreement contained fewer curies than anticipated, leaving sufficient curies for this project.

If you have questions, please contact me at (269) 465-5901 x1112 or (269) 876-9160 (mobile).

Sincerely,

A handwritten signature in black ink, appearing to read "Jon Baab".
