RE: Import Agreement TLLRWDC #2-0235-00
Curie Release Letter #2

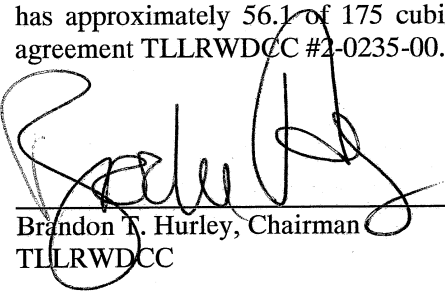

Dear Mr. Readinger:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDC #2-0235-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC"), I have received your request to dispose of the following shipments:

- On or about 6/10/2020: 7.5 cubic feet

As of the date of this letter, there is sufficient remaining capacity for importation during State of Texas Fiscal Year 2020 to accommodate the shipment of 7.5 cubic feet set out above. This letter does not authorize the importation to the Compact Facility in Andrews County of any additional cubic feet of low-level radioactive waste beyond the 7.5 cubic feet of material.

Therefore, you are authorized as of the date of your receipt of this communication to import from Brunswick Nuclear Plant to the Compact Facility in Andrews County, Texas approximately 7.5 cubic feet of material described in your email dated June 4, 2020. This shipment is approximately 4.3% of the volume specified in Article II.J. of your Import Agreement TLLRWDC #2-0235-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission. With this letter, Brunswick Nuclear Plant has approximately 56.1 of 175 cubic feet and 9,000 of 27,000 curies remaining to be shipped under agreement TLLRWDC #2-0235-00.

Brandon T. Hurley, Chairman
TLLRWDC
