RE: Import Agreement TLLRWDC #2-0275-00
Curie Release Letter #2

Dear Mr. Readinger:

Pursuant to the condition expressed as a part of Article II.J. (c) of your Import Agreement TLLRWDC #2-0275-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission ("TLLRWDC"), I have received your request to dispose of the following shipments:

- On or about 2/10/2021 and 2/24/2021: 111.4 cubic feet

As of the date of this letter, there is sufficient remaining capacity for importation during the State of Texas Fiscal Year 2021 to accommodate the shipment of 111.4 cubic feet set out above. This letter does not authorize the importation to the Compact Facility in Andrews County of any additional cubic feet of low-level radioactive waste beyond the 111.4 cubic feet of material.

Therefore, you are authorized as of the date of your receipt of this communication to import from Brunswick Nuclear Plant to the Compact Facility in Andrews County, Texas approximately 111.4 cubic feet of material described in your email dated January 25, 2021. This shipment is approximately 4.3% of the volume specified in Article II.J. of your Import Agreement TLLRWDC #2-0275-00 with the Texas Low-Level Radioactive Waste Disposal Compact Commission. With this letter, Brunswick Nuclear Plant has approximately 63.6 of 175 cubic feet and 11,597 of 27,000 curies remaining to be shipped under agreement TLLRWDC #2-0275-00.

Brandon T. Hurley, Chairman
TLLRWDC
