Subject: Southern Nuclear Operating Company Import Agreement Amendment Request

Dear Mr. Hurley:

Southern Nuclear Operating Company-Vogtle Electric Generating Plant Units 1 & 2 is requesting an amendment to its Import Agreement Number 2-0271-00.

We are requesting an additional volume of 150 cubic feet and 150 curies for the current Fiscal Year ending August 31, 2021.

We are requesting this additional volume due to an unexpected increase in Class B/C waste volume being generated to maintain water chemistry in the reactors.

If you have questions, please contact me at 706-848-3475 (office) or 803-646-7651 (mobile).

Sincerely,

A handwritten signature in black ink, appearing to read "JJ Howell".
